

M:M

Berlin's grand master of stencil technique, who always leaves his very own fingerprint in the history of the Pochoir: this time with hand-sprayed stencil dactylographs - fingerprint portraits of style icons of the rock & punk & soul movement such as Lemmy Kilmister, Amy Winehouse, Johnny Cash, Debbie Harry or Poison Ivy.

We are very pleased to welcome M:M as a popular artist from the early days of our gallery back to our ranks with new works.
